

top five budget tips: *ceremony alter*

1. If your ceremony is set against a lovely beach vista or sweeping mountain view then skip an alter altogether - nature is gorgeous enough. You don't need to compete with it.

4. Love the look of a ribbon background but find it too expensive to execute? Use fabric or old curtains instead. We dyed, cut, and sewed old sheets in a huge ceremony backdrop for our wedding.

5. Use a large family quilt or Grandma's special tablecloth as a ceremony backdrop. The sentimental piece will be an amazing addition!

2. Skip fancy floral arrangements and opt instead for lovely potted plants or fruit trees that you can use later.

3. Borrow a small gazebo or trellis from a friend or family member. Adorn it with paper flowers or fabric garlands.

5 for 5 appears on the 5th day of every month on Kiss My Tulle and offers helpful suggestions for the couple planning a wedding on a budget.
